Aleria is a small lamp that does not take up any unnecessary space, and at the same time provides good, functional lighting. With its soft shapes and elegant design, this lamp becomes a beautiful decoration for your outdoor space. Aleria is made of brass and is perfect by the driveway, front door or garage.

This product is part of our "Designed For Seaside" range, crafted from extra durable materials to withstand even the harshest coastal weather conditions.

Over time, exposure to the elements causes brass to develop a beautiful, darker patina.
