• Scandinavian minimalistic design • Moodmaker™ 3-step dimmable with memory function
• 350 lumen per lamp head • Long LED lifespan (25,000 hours)

Slim Nordic design and innovative technology are combined in the most compelling way in the Clyde series. Clyde has a built-in Moodmaker™ function, which allows you to adjust the light in three steps according to needs and situation from your regular wall switch.

The height of the lamp can be adjusted by concealing part of the cable inside the canopy. This way, you avoid cutting the cable. When part of the cable is hidden inside the canopy, the lamp can hang with a minimum cable length of 60 cm.
