• Contemporary art deco style • Matte white opal mouth blown glass
• Adjustable joints for perfect placement • Can be used on both wall and ceiling

Contina combines attractive design and functionality, where it is the carefully selected details that make the series stand out and unique. The light frame is completed by a spherical opal white glass dome that hides the light source and spreads a soft glare free light into the room.

Contina is an exclusive wall lamp in the most beautiful brass, which adds warmth and cosiness to the bright Nordic decor. The wall lamp questions the traditional idea of how lamps should be used, as the long flexible arm makes Contina applicable both as a wall and ceiling lamp.
