**For warranty information visit unios.com/warranty**

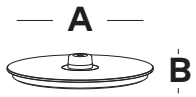

Please read these installation instructions carefully before installing this luminaire. Unios does not warrant any claim based on defects or damage caused by misuse, improper installation, improper operation and/or modifications carried out by the purchaser or third parties. This luminaire will not be used as a 'Working light' during construction. This will result in the warranty of the luminaire to be void. For warranty duration, please refer to the data sheet.

- This fitting must and only be used in conjuction with the supplied Moka Charging Pad, any attempts to use another brand of Charging Pad will damage the fitting and void the warranty.
- The Moka Table Lamp must only be used when fully assembled with base, battery/stem & LED top.
- The Moka Charging Pad should only be used upright indoors in a dry & cool environment as this may damage the product.
- Please use only a damp cloth and water to spot clean the fitting, this should not be exposed to submersion or extended exposure to moisture.
- Avoid dropping and tipping the fitting, this should be only used & stored in an upright position.
- If you notice any damage to the charging cable or pad, please cease charging the Moka Table Lamp and advise Unios via a Warranty form. Using a faulty charging pad or cable will pose a risk to the lamp.
- The Charging Pad must be used with a standard USB-A port with a 5VDC output
- The Moka Table Lamp should be stored upright in a dry & cool environment out of direct sunlight to prevent damage whilst not in use.
- Please ensure the complete assembly is checked regularly and tightened with a moderate torque occasionally.
- Do not place heavy objects on top of this lamp or use this as a stand.
